

ALEXANDRIA GAZETTE.

TUESDAY EVENING, SEPT. 25, 1900.

LOCAL MATTERS.

On free tomorrow at 611 a. m. and at 6:00 p. m. High water at 9:00 a. m. and 9:15 p. m.

WEATHER PROBABILITIES.—For this section, fair tonight and Wednesday; light to fresh north to east winds.

GOLF CLUB. Mr. Gardner, B. Bothe, secretary of the committee, has sent out a number of invitations to young people of this city to become members of the golf club it is proposed to organize here. The committee in its prospectus says:

"The difficulties in obtaining suitable ground in this locality will not be great and the course can be readily secured under circumstances favorable for the formation of a club having all the essentials for the enjoyment of the game. To utilize to the best advantage the ground to be selected it is considered advisable to secure the services of an expert to lay out and construct the links. This and payment of the value of such a club from a special point of view, as well as one of health, has led to the opinion that the membership will be sufficiently large to justify the initiation fee at five dollars for gentlemen, three dollars for ladies, and ten dollars for a gentleman and the ladies of his family. This will produce a sum sufficient to cover the course and meet additional expenses for some time."

GUILTY PARTIES DISCOVERED.—Several weeks ago the Mayor was asked to assist the Electric Railway Company in recovering parties who had been deceiving the company's property at Beddock Heights, the company through its agents being unable to locate them. The Mayor detailed Officer Atkinson and yesterday that officer made a report which the Mayor characterized as one of the most thorough and satisfactory that it had been in good fortune to receive. Individuals and houses in large numbers had been visited and witnesses, which a superficial investigation would never have discovered, were brought to light in full and definite numbers. So complete was the officer's work that guilty parties living in New York city were made known. The company proposed to reward Mr. Atkinson, but the officer promptly refused to accept compensation. As one of the good results of the work Braddock station will be put in presentable shape and the residents of that vicinity can safely think one of Alexandria's police officers for a most desirable change.

SIAM BATTLE.—The Newport, R. I. News gives an interesting account of a siam battle fought at the U. S. training school there recently which it says was a credit to the institution and to the officer in charge of the battle, Lieut. James H. Reid, U. S. N., who planned and executed the drill. Lieut. Reid is a son of Col. L. W. Reid, of this city. The News says:

"To Lieut. Reid, who planned and executed the plan of battle and the strong support is received by the officers and men who served under him the highest praise is due. To those who were not present, all that need be stated is that they lost one of the most interesting sights of their lives. The drill of the boys was excellent and they went into the battle in a praiseworthy manner and pleased commanding officer, Commander Hunker, and their executive officer, Lieut. Commander Dold, very much."

RIVER NOTES.—Sea gulls are making their appearance on the river. Their arrival so early in the season is said by some to foretell an early and cold winter.

The penguins James H. Beach, Azalia H. Part, Wm. Washington and Northumberland are at the shipyard being fitted out for the oyster trade.

The tug Spray after having received some slight repairs at the ship yard has gone down the river.

The Baltimore and Ohio transfer tug Brewer on was hauled out on the main railway at this port Saturday evening and had a new duke put on her propeller.

Joseph Carroll, colored, charged with using vulgar and abusive language, was fined \$2.00.

Joseph Tucker, colored, charged with gambling, was fined \$5.

Night Report.—Last night was clear and cool. Two prisoners and two lodgers were at the station house.

MONUMENT AT MOUNT VERNON.—A letter has been received by Governor Tyler from Edwin Fairfax Naulty, of New York, president of the Valley Forge National Park Association, containing the scheme of the association to erect a handsome and costly monument at Mount Vernon, to the memory of George Washington. He suggests that Congress appropriate \$250,000 for this purpose, and that each of the forty-five States give \$10,000 to the fund. He asks Governor Tyler's co-operation in the matter.

MEMBERS OF THE ALDERMEN.—It is understood that at the next regular meeting of the City Council, which will be held two weeks from tonight, the office of President of the Board of Aldermen, made vacant by the death of Mr. W. H. Marbury, will be filled. The only names mentioned in connection with the position are those of Aldermen Theo. Ballenger and J. I. Sweeney.

CHARITY BALL.—The palms, ferns and flowers for the Charity Ball at McBrine's Hall tomorrow night have been loaned by Mrs. Samuel Chevalley and Mrs. Julia Nalls has also offered her services to the club without remuneration and will preside at the piano. The music will be under the leadership of Prof. Edward Dunn.

AGAIN POSTPONED.—The case of Lindsey Jackson, colored, charged with an attempted assault upon Mrs. James Coxen, of Sideburn, last week, was called before Justice Taylor of Fairfax C. H. today, but owing to the necessary absence of Commonwealth's Attorney Ford the case was again postponed and will be heard when Messrs. J. M. Johnson and S. G. Brent, of this city, who have been employed by the defense, can agree upon a date. The people of Fairfax say that Jackson will be proven to be guilty of the charge.

Carter, colored, and the members of his family, and made strict inquiry of them concerning the death of a white infant which was found in a sink on their premises on south Columbus street on Friday night last. The Mayor, after the investigation, was convinced that the Carters knew nothing of the matter but will continue the investigation.
